GOVERNMENT TRAINING SCHOOLS IN THE SOUTH ARCOT DISTRICT.

The District Educational Officer, South Arcot, hereby notifies, for the information of the Deputy Inspectors and Managers of aided schools in the South Arcot district, that candidates of the elementary grade will be admitted for training in July 1927 in the following Government Training schools under his charge :—

Name of institution.	Number of stipends available		Total.
	Higher elementary.	Lower elementary.	
(1) Government Training School, Villupuram	40	40	80
(2) Government Training School, Cuddalore	40	40	80

2. The period of training is two years in the case of students of both elementary higher and lower grades.

3. Ordinarily the candidates will be sent to the Government training school selected by them. Applications should be submitted accordingly. Change of school in the middle of the course will not be allowed.

4. The District Educational Officer will make the selection on the recommendations of the subordinate inspecting officers. Each Deputy Inspector should furnish the teachers whose names are recorded in the register maintained in his office as per article 119 of the Inspection Code with forms of application for admission printed, cyclostyled, or manuscript, and on receipt thereof from the candidates he shall select the applications according to the instructions given infra. Candidates should be informed that they run the risk of losing their appointments or having their grants curtailed if, after selection, they fail to join the Training school on the due date.

5. Two separate lists—one for the higher elementary candidates and the other for the lower elementary students—and that for each training school must be consolidated in the office of the Deputy Inspector and submitted with a tabular statement containing the following particulars about each candidate:—

(1) Serial number; (2) name in full; (3) age on 1st July 1927; (4) caste or race; (5) present appointment; (6) length of service as teacher; (7) educational qualification; (8) language; (9) guarantee of the Deputy Inspector for providing the applicant with an appointment after training; (10) whether a stipend is desired; (11) remarks.

N B.—Under column (7) must be given (a) public examinations passed with year and number of certificate or (b) transfer certificates held or (c) school-leaving certificates held or (d) nature of sessional school certificate held with number and date or (e) in the absence of any of the foregoing a certificate from the Deputy Inspector of the range to the effect that the candidate's educational qualifications entitle him to admission. Higher elementary students should possess a lower secondary examination certificate or a transfer certificate of having secured promotion from the third form or a certificate from the Headmaster of a recognized high school that they have read in the fourth form at least or an elementary school-leaving certificate of having been promoted from the eighth standard.

6. The tabular statement should contain the names of the candidates in the order in which the Deputy Inspector desires that the selection should be made, and they should be selected with reference to their service as teachers, the need for their training, age, the school from which they apply, their qualifications and the nature of the appointment held by them. The attention of the inspecting officers is directed to the Madras Educational Rules (rules 113 and 114). It is expected that each Deputy Inspector's list will contain at least ten names for each grade. Special efforts should be made to get as many higher grade candidates as possible.

7. Teachers employed in the Muhammadan schools should submit their applications for training to the Deputy Inspector of the Muhammadan range and not to the Deputy Inspector of Boys' schools.

8. Teachers employed in Local Board schools will not be paid any stipends from provincial funds. If there is any provision in the Local Fund or the Municipal budget under 'Stipends to teachers,' their applications may be obtained from teachers with the consent of the President, Taluk Board, or the Chairman of the Municipal Council, as the case may be, and submitted with a separate list for each training school and for each grade.

9. If any applications be received from candidates for training in the schools out of this district, they should be submitted separately with a separate list.

10. Certificates in original should be submitted with the applications, and the Deputy Inspectors should satisfy themselves as to the correctness of the information given in them.

11. Supplemental lists will not be considered after the prescribed date on any account.

12. The lists, complete in every respect, and the applications, must be submitted direct by the Deputy Inspectors to the office on or before the 5th May 1927 without fail.

GOVERNMENT SECONDARY TRAINING SCHOOL IN THE GANJAM DISTRICT.

Applications are invited from candidates for admission in July 1927 into the Secondary Training section attached to the Government Training School, Berhampur. Twenty Provincial stipendiaries will be selected if funds permit and ten more candidates whose stipends are paid by local bodies or who are prepared to join as free students will also be admitted.

2. Provincial stipends will not be given to candidates who hold permanent or sub. *pro tem.* appointments under local bodies or who have been given provisional appointments by the presidents of local boards who employ them. Clear information regarding the nature of the appointments held should therefore be specified in the applications by the applicants who are working under the local boards.

3. The period of training in this institution is two years and consequently only persons holding certificates of having passed the late Matriculation or Upper Secondary examination or any other examination accepted by the Director of Public Instruction and holding complete Secondary School-Leaving Certificates and certificates granted under G.O. No. 1019, Home (Education), dated 27th September 1918, need apply. Copies of their general education certificates should be attached to the applications. In the case of Secondary School-Leaving Certificates, the marks obtained at the Public examination should invariably be given. The original certificates need not be submitted.

4. In all applications, the provisional appointment after training should be specified and signed by the recognized Manager or the Correspondent of the institution. Applications defective in this respect will be rejected.

5. In the case of candidates coming from outside the district the applications should be counter-signed by the District Educational Officer of that district in the case of those who are working in secondary schools and by the Deputy Inspectors of Schools in the case of applicants from elementary schools.

6. All applications should reach this office on or before 15th April 1927 and applications received after that date will not be considered.

SIVARAM RATHO,
District Educational Officer, Ganjam.

The District Educational Officer, Anantapur district, hereby notifies, for the information of the Deputy Inspectors of Schools and Managers of schools in the district, that candidates for Elementary Higher and Lower grades will be admitted for training in July 1927 into the Government Higher Elementary Training School, Anantapur. The number of candidates to be admitted in each grade will usually be 40.

2. The period of training is two years in the case of students of both the grades (Higher and Lower).

3. The District Educational Officer, Anantapur, will make the selection on the recommendations of the Deputy Inspectors. They are requested to forward two lists, one for selected and the other for rejected candidates.

4. The lists should contain the following particulars regarding each candidate:—

(1) Serial number; (2) name in full; (3) age in years and months on 1st July 1927 and not of date of birth; (4) caste or race; (5) present appointment; (6) length of service as teacher; (7) educational qualifications; (8) languages; (9) school to which the candidate reverts after training; (10) amount of stipend; (11) whether the original or a copy of the certificate is attached.

5. The names of the selected candidates should appear in the list in the order in which the subordinate inspecting officers wish they should be taken. Candidates who do not satisfy the condition of the age-limit under Rule 113 of the Madras Educational Rules should not, except in very special circumstances, be included in the list. In the case of candidates in the rejected list, the reasons for rejection should be mentioned against each.

6. To provide for the contingency of some of the candidates selected not joining the Training school, a few more than the sanctioned number will be selected. All selected candidates who present themselves at the Training school will be admitted in the order in which they present themselves, but only up to the number of sanctioned stipendiaries.

7. The lists should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

8. In addition to provincial stipendiaries, candidates whose stipends are paid by local or municipal boards will be admitted for training, as also private candidates, as free students without stipends.

9. In the selection of candidates, those who were awarded stipends last year but were refused admission on account of their not appearing in time should have first claim for admission.

10. In the case of teachers employed in Board and Municipal schools, clear information should be furnished regarding the nature of the appointment held by them (permanent, temporary, sub. *pro tem.* or acting as the case may be) and whether the local bodies have made sufficient provision in their budgets towards the cost of their training. The applications of such teachers should be signed by the Presidents of Local Boards or Chairmen, Municipal Councils, and in their case no provisional stipends will be sanctioned.

11. As regards qualifications for admission, only those candidates who have passed the annual examination of III Form and have been found fit for promotion to the IV Form, or have been awarded an Elementary School-Leaving Certificate of the VIII standard are eligible for Higher Elementary class, and only those who have passed the late Primary Examination or a corresponding public or school examination, or those whose attainments in the opinion of the inspecting officers are not lower than these, are eligible for lower Elementary Class. Preference will be given to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. Separate conduct certificate need not be submitted by candidates whose applications are signed by an inspecting officer. In the case of candidates who have no certificates but who are, in the opinion of the inspecting officers, eligible for admission into the Lower Elementary class, an examination should be held in the three *R's* by the Deputy Inspectors of Schools, and the marks obtained at such an examination should be submitted along with the applications.

The results of the working for the past financial year show an increase of Rs. 43,918 which was principally due to a satisfactory cotton crop and to a largely increased import of grain owing to floods in the surrounding districts.

2. *Extent of trade.*—The total tonnage handled was 432,843 tons, an increase so far as can be estimated of about 45,000 tons over the previous year.

The principal increase is in coastwise imports. Statistics obtained from the Customs authorities will be found in Appendix VIII of the Report.

4. *Working expenses.*—The working expenses for the year amounted to Rs. 4,60,894 made up of Rs. 16,710 for establishment and contingent charges, Rs. 38,260 for renewal of screw pile jetty, Rs. 36,280 for improvements to the foreshore, Rs. 1,64,318 for dredging the approach channel by 'Munar' and Rs. 66,991 for repairs and maintenance, etc. A sum of Rs. 72,397 has also been paid as interest on loans besides Rs. 65,018 amount transferred to capital for repayment of loans.

5. *Audit.*—The accounts of the Trust for the official year were audited by the Examiner of Local Fund Accounts in June with satisfactory results.

6. *Shipping and trade.*—The number of vessels that entered the port was 1,023 with a net registered tonnage of 1,929,069 tons being an increase of 112 vessels and 43,575 tons over the year previous. This is the largest tonnage recorded since 1913–14.

7. *Loans.*—The loan of Rs. 50,000 which was taken from the Minor Ports Fund was paid off in December 1925. The amount of loan outstanding on the 1st April 1926 was Rs. 16,80,287. Full particulars of the loan position are given below —

8. *Scale of rates.*—The rate of landing and shipping dues on Government salt for the Fisheries Department was reduced from As. 11-3 to As. 6. Otherwise the scale of rates is the same as that sanctioned by Government on the formation of the Trust.

9. *Traffic.*—(1) *Imports.*—The principal imports were grain, pulse, machinery, metals raw silk, seeds, cotton twist and yarn, piece-goods and timber.

(2) *Exports.*—The principal exports were cotton raw, tea, cotton twist and yarn, cotton goods, oil-cake and cattle-food, spices, dry fish, drugs, cattle and vegetables.

(3) *General.*—The re-erection of the screw pile jetty was almost completed during the year. To provide facilities during the re-erection of the pier, a temporary wharf was built between the screw pile and reinforced concrete jetties. A new goods-shed was built to serve this. This having served the purpose which it was intended, remains as an increase in the amenities of the foreshore.

Owing to silting in the channel leading from deep water to the piers the dredger 'Manar' has been working continuously during the year deepening the channel and has made satisfactory progress.

The grab dredger and mud punts have been steadily employed in maintaining a sufficient depth of water along the piers and in reclamation work at the site of the new wharf.

All sheds, the reinforced concrete pier, coal jetty and various buildings have been maintained in a satisfactory condition and the foreshore fencing has been renewed. A definite plan of foreshore improvements which was drawn up on the formation of the Trust has been steadily proceeded with and is expected to be completed in the ensuing year.

10. *Engineering—Harbour works.*—The Harbour Dipper Dredger 'St. George' which arrived in March 1925 dredged the boat channel as far as the turning basin at which point the dredger was turned towards the south, and made the first cut in the turning basin for a length of about 1,000 feet. Dredging was continued from this point towards the west for a length of about 500 feet parallel to the south bank of the turning basin. The depth made throughout the boat channel was approximately 8 feet and that in the turning basin varies between 3 and 18 feet below low water. An embankment was formed to carry the railway track, and the dredged spoil was loaded into trucks and deposited in the areas to be reclaimed west of the turning basin and also in the protective embankment. The protective embankment was formed from Hare Island to Krangituvu and raised to a height of 7 feet above low water.

The site for the dry dock was dredged to the hard rock found at 11 feet below low water.

The Admiralty Dredger 'St. David' was laid up at Cochin.

Their Excellencies the Governor and Lady Goschen and party visited the Harbour Works on 26th October 1925.

The quarters for the Assistant Executive Engineers, loco sheds, fitters shop, works camp and offices and auxiliary buildings to Executive Engineer's office and quarters were completed during the year.

The scheme for improvements at the Ports of Negapatam, Cuddalore and Cocanada prepared as a result of the surveys undertaken have not been proceeded with. The charge of the works at outports has been entrusted to a separate officer of the Public Works Department lent to the Presidency Port Officer.

The improvements to existing facilities at the Port of Tuticorin carried out during the year were:—

(1) Reconstructing the screw pile pier (in progress).
(2) Constructing a temporary wharf
(3) Constructing an open goods shed } Completed.
(4) Constructing a timber ramp

11. *Management.*—During the year under report the Board consisted of the Members whose names are given on the outer cover of the report. The number of ordinary meetings held during the year was 12 and special meetings three. The statutory budget meeting was held on the 20th day of January 1926 as laid down in section 88 of the Tuticorin Port Trust Act.

Under G.O. No. 458, Finance (Marine), dated the 28th July 1925, the Port Officer, Tuticorin, was appointed as Secretary and Traffic Manager of the Port Trust. The post was filled by Commander R. Severs, R.D., R.N.R., from 10th August 1925 to 11th November 1925 and by Commander A. E. Godfrey, R.N.R., during the remainder of the year.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is 0·55 inch, the average due for the same period being 1·36 inches.

STATEMENT OF OBJECTS AND REASONS.

At the time the Tuticorin Port Trust Act, 1924, was passed, the Indian Chamber of Commerce was denied representation on the Trust Board. In order to safeguard the interests of various branches of business and to introduce elective element in the constitution of the Board, it was however provided pending the organization of the Indian Chamber of Commerce and as temporary measure, that two trustees might be elected by the Tuticorin Municipal Council and two others might be appointed by Local Government from among those who carry on sea-borne trade in Tuticorin. Besides these four trustees, three trustees are elected by the Tuticorin Chamber of Commerce (which consists of European merchants only) while the remaining trustees including chairman and vice-chairman are appointed by Local Government. Since then the Legislature has conceded the principle of representation of the municipal council on the Port Trust Board of the town of Cochin.

After the Indian Chamber of Commerce was put on working basis a Bill was introduced in 1924 to amend section 8 of the Act. But the Bill was thrown out.

The Indian Chamber of Commerce, Tuticorin, is now a registered body looking after the mercantile interests of Tuticorin and its efficient working and financial condition is testified to by various distinguished visitors to the Chamber. It is time that adequate representation be provided by giving three seats to be filled by election by the members of the Indian Chamber of Commerce as in the case of the other Chamber.

BILL No. 9 OF 1927.

THE VILLAGE OFFICERS BILL.

WHEREAS in most parts of the province, the offices of village Headman and Karnams are hereditary and it is desirable that there should be uniformity of tenure of these offices throughout the province; It is hereby enacted as follows :—

1. This Act may be called the Village Officers Act, 1927.

2. The offices of village Headman and Karnam in the districts of Tanjore, Trichinopoly, Salem, the Nilgiris, South Kanara and other parts of the Presidency where they are not already hereditary are hereby made hereditary, and

the present permanent holders of the offices shall be deemed to be such hereditary incumbents.

STATEMENT OF OBJECTS AND REASONS.

In more than three-fourths of this province, the offices of village Head-man and Karnam are hereditary, and it is desirable that there should be uniformity of tenure of office throughout the province, and there is no reason whatever for any differentiation. It is also desirable that the unhealthy scramble for office whenever a vacancy occurs should be avoided This Bill is introduced with these objects in view.

STATEMENT OF OBJECTS AND REASONS.

It has been felt for a fairly long time that the Madras University Act of 1923 needs amendment. When Dr. Meephail was Vice-Chancellor of the new University he himself suggested to the Government that certain amendments should be made. The Government asked the Syndicate to suggest necessary and

suitable amendments. The Syndicate have reported to the Government the amendments that are required to be made in that Act. The amendments herein suggested are, most of them, based on the amendments recommended by the Syndicate of the Madras University. The main amendments seek to omit, from the Authorities of the University, the Pro-Chancellor. As regards the Minister being the Pro-Chancellor, the inconveniences of the political head of the Government department concerned being an Authority of the University, is too patent to be emphasized.

The composition of the Senate is the next main matter dealt with in the amendments. The several officers of the Government who are ex officio members have been removed in the new constitution proposed. They serve no useful purpose on the Senate and as a matter of fact they very rarely attend or take part in the deliberations of the Senate.

The provisions by which it was expected to enlarge the funds of the University by conferring life membership or temporary membership on persons or associations making contributions, directly or indirectly, have not worked at all in practice. In the absence of any prospective addition to the University funds in that manner, the maintenance of those provisions in the Act is likely to lower the academic character of the Senate, which it ought to predominently possess, without any compensating advantage. In the case of persons or associations who may have acquired the right of membership before the coming into force of this Amending Act, their rights are secured by an express provision. The number to be elected by registered graduates has been increased from 30 to 40, and the principle of proportionate representation is proposed to be repealed, so as to allow normal voting to be the rule. The Council of Affiliated Colleges is felt by almost everybody concerned to be a fifth wheel in the coach. It is therefore proposed to be abolished. The representation of the Academic Council on the Senate has, therefore, been increased from ten to twenty, with a provision that ten of them shall be teachers in Affiliated Colleges. The representation of the Legislative Council, the Corporation of Madras, the District Boards and Municipalities, the Madras Chamber of Commerce, the Southern India Chamber of Commerce and of the Madras Landholders Association on the Senate has been abolished, as it has served no useful purpose in practice; and as it enlarges the Senate beyond reasonable proportions; and it is felt that their presence is inconsistent with the main purpose for which the Senate is constituted. The right of nomination is not necessary to be vested in the Chancellor at all. But still to provide for cases where some persons whose presence on the Senate may be very valuable, and who may not otherwise be able to secure seats it is provided that the Chancellor shall have the right of nominating ten members. But the check on his discretion provided in the existing Act, viz, that he shall nominate at least twenty to secure the representation of communities is deleted. The representation of the Indian

languages in this province is provided for, but it is proposed to be secured by election, and not by nomination as at present.

The next main matter to which attention has already been drawn is the abolition of the Council of Affiliated Colleges. The Academic Council is also authorized to constitute a Standing Committee and to delegate to it any of its powers. Other amendments do not call for any special mention.

Hence this Bill.
